PILLOW MENU

Experience the most blissful slumber with a pillow made from goose down feathers pillow - the softest natural material in the world. Our pillows use only the highest quality goose down feathers, covered with the finest damask materials.

We wish you the sweetest dreams with our special selection.

Buckwheat Hull Pillow
Buckwheat is loose and permeable to air, allowing moisture and heat to drain off the body quickly. This pillow has a cooling effect and is recommended especially in the summer.

Cervical Orthopedic Pillow
Special orthopedic moulded pillow with unique self-moulding characteristics that help the cervical and brachial muscles to relax.

Indulgence Pillow
Soft inside and outside for a truly luxurious sleeping experience. Designed to reduce pressure on facial bones.

Natural Latex Pillow
This pillow is manufactured in the shape of a bubble with holes using fluid from rubber trees. It enables air circulation and has antibacterial qualities. These pillows provide extra comfort by taking the shape of your head and neck.

Neck Support Pillow
Conforms to the head and neck for maximum support and stress reduction.
